

Presidents Message October 2018

HAPPY HALLOWEEN TO ALL! Last meeting, we had a great turn out for the lecture with 64 being in attendance. Hopefully this will be repeated for the October meeting. We are having a steady influx of new members joining the club each month. In which there's a lot of hidden talent to be found. So here is the deal. The club still needs to fill the positions of Party Planner, Membership and Excursions/Equipment Manager. And a 5th opening as well and this will be announced at the meeting on Tuesday night. It was discussed at the officer's board meeting that we might go back to nominating members to help with these positions so we can get them filled. Previously in the club there was never a problem to fill position when asked. The Christmas Party sign up list is being passed around at the meetings. Remember the Christmas Party starts at 6pm. 37 members have signed up so far. Would like to see a solid 100 this year. We will use the caterer that was used last year, there was plenty of food and the food was excellent. The new banner will now be displayed at the meeting; this is the one that most of the members voted for as the favorite. **GREAT JOB!** Newsletter issues had surfaced once again. And we will have a final and last vote on this at the meeting. That is whether to have a quantity of newsletter each month instead of the mail out post cards. Or should we have a high-quality newsletter every four-month covering the most important time for the club during the year to make sure all is notified and covered. Example; memberships due in April, midyear activities, new posting in the claims guide and the time of the Christmas Party at the end of the year. **MORE AT THE MEETING.** For the October outing it was supposed to be Beaver Dam Wash down in the St. George area. But this has been canceled. **AGAIN!** We need the excursion position filled. **AND NOW FOR THE BEST PART!** Mr. Kent Smith will be back doing part 2 of his lecture. This will be a continuance from where he left off at the last meeting in September. Kent talked for a good hour last time. So, if you were not able to make it last meeting here is your chance on Tuesday the 16th at 7pm to here never a conclusion of another exciting account of the "THE GUARDED TREASURE SECRETS OF UTAH PART 2." It should be a real good meeting again this month so come early to get the good seats.

SEE YOU THERE!

THANKS!

Phil
