

With the clocks moved forward and spring at our doorsteps. time to get your equipment ready for summer. Last meeting, we had 54 in attendance and net donations of \$1116. Great Job Everyone! **Top priority in the club right now is some of the positions that need to be filled. The Membership/Newsletter need to filled right away.** Also, there is the Historian, secretary and Party Planner. We need the members support in getting these filled. Thank You! Coming up in April over the Easter weekend and same weekend as our first outing. The Wasatch Gem and Mineral is being held once again. We have been donated the booth space once again up on the upper deck overlooking the show. We will need help again manning the booth for the three days of the show. Also setting up and the tear down. One of the prizes that is being donated to the show is a gold and quartz pendent with a 2.5-gram nugget hanging from it on a 14k gold chain. Picture of this will be posted on the clubs Facebook page. Tickets for this will be sold at the show only. We still have that great membership deal that still going on this month. Bring a friend new member to the club to sign up and you and the new member gets \$5. off your membership. Awesome deal! UGC #3 will be reopened this year. If working at this area, please report to us any hazard conditions that might be on that claim. so, this can be addressed as soon as possible. And please remember if you see other out on the claims, please ask to see their current membership to verify that they can be there, and not trespassing. Thank You! The planned outings for

the year are as follows; April Little Sevier, May Tuscarora, Nev., June Little Sevier, July Silver City, Idaho, and August/September Mary Ellen Gulch, and October will be Beaver Dam Wash. All of these can be moved or changed if needed if the circumstances that might come to do so. All these are the weekend following meeting. March is the third ticket pull month. The grand prize for that drawing is that gold and quartz cab donated by Eric Teot. There will be a picture of this posted on the clubs Facebook Page. We will have a vote on some new cool items that could be had at the Hats & Shirts Table. these are laser cut metal prospecting wall signs. If we have enough interested in them well will go ahead and order them for the next meeting. Picture posted on the Clubs Facebook page. And last! The presentation at the March meeting will be by Eric Teot titled "Cleaning Your Specimen Gold." For the month of April possibly Steve Shaffer if his new book has come back from the publisher. In May Dale Bascom. And in June and July Kent Smith with part 3&4. We will keep all posted as the month draw near. Well hope to see all of you on the 19th for the club meeting. all be safe and a closing quote to ponder on. "Good Miners Help New Prospectors, Who Turn into Good Miners Who Help New Prospectors."

T

hanks Again!

Phil
